Cured Of Bright's Disease.

George A. Sherman, Lisbon Red Mills, Lawrence county, N. Y., writes: "I had kidney disease for many years and had been treated by physicians 12 years; had taken a well-known kidney medicine and other remedies that were recommended but got no relief until I began using Foley's Kidney Cure. The first half bottle relieved me and four bottles cured me of this terrible disease. Before I began taking Foley's Kidney Cure I had to make water about every 15 minutes, day and night, and passed a brick-dust substance, and sometimes a slimy substance. I believe I would have died if I had not taken Foley's Kidney Cure." G. L. Penny.

"Bluebeard Johann Hoch is to be hanged July 23.

Antecarlo, 2:26 1-2.

Made over Versailles track in winning race, sired by Anteo, 2:16 1-2, that sold for \$20,000 at public sale. First dam Mary Ann, by Hallston 813, son of Mambrino Patchen. These two crosses produced The Abbot, 2:08 1-4, champion trotting gelding of the world. 2nd dam by Independence, son of Andrew Jackson. Independence's dam by American Star. The American Star and Andrew Jackson blood is responsible for Crescens, 2:04 1-4, the champion trotting stallion of the world. You see Antecarlo's two top crosses are responsible for the fastest gelding, two next crosses are responsible for the fastest stallion. Then you see he is better bred than either of them for he has the blood of both. Antecarlo is a solid brown horse, 15 3-4 hands high, weighing 1,170 pounds, fine style and action. Will stand at \$10 to insure a living colt.

Will also stand the young jack, ABRAM 3RD, at \$5 to insure a colt. He was sired by Abram 2nd and he by an imported jack. Abram 2nd's first dam by Velocipedo, 2nd dam by Imp. Palermo, 3rd dam by Morengo Mammoth. Lien retained on colts for season money. Mares traded or bred to other horses for their insurance and makes season money due.

Both will stand at my farm on Somerset pike, four miles from Stanford. Mares grazed at \$2 per month. Cuts taken to prevent accidents, but not responsible should any occur.

John Spradlin shot and seriously wounded John Dugger at Monticello. Spradlin was in charge of a merry-go-round and refused to allow Dugger, who was drunk, to ride. Dugger cursed at Spradlin and threw his hand to his pocket as if to draw a weapon, when Spradlin shot him. The ball entered just above the right eye and came out the ear, on the same side.

CHURCH MATTERS.

The Fifth district Sunday-school convention, composed of the counties of Mercer, Boyle, Anderson and Shelby, will be held at Burgin, June 13 and 14.

President Francis Patton, of Princeton Theological Seminary, preached a sermon at Princeton, in which he said he thought a cold-blooded, right-living rascal who has \$10,000,000 and who can teach Sunday-school regularly and drive his bargains every week, always, just keeping within the law, was lucky not to be in jail. Dr. Patton did not mention the millionaire's name. The impression prevailed that he meant John D. Rockefeller, however.

A Thousand Dollar's Worth Of Good.

"I have been afflicted with kidney and bladder trouble for years, passing gravel or stones with excruciating pain," says A. H. Thurnes, a well-known coal operator of Buffalo, O. "I got no relief from medicine until I began taking Foley's Kidney Cure, then the result was surprising. A few doses started the brick-dust like substance and now I have no pain across my kidneys and I feel like a new man. It has done me \$1,000 worth of good." Foley's Kidney Cure will cure every form of kidney or bladder disease. G. L. Penny.

The latest developments in the controversies connected with the management of the Equitable Life is the formation of an offensive and defensive alliance between James H. Hyde and President Alexander. The basis of the accord between them is said to be an agreement to devote their future efforts solely to the furtherance of the interests of the society, and to eschew Wall street transactions. They are said to have agreed that Robert T. Lincoln is the most available man for chairman of the Board of Directors.

Trouble Increasing.

When your trouble with food-digestion seems to be increasing, and with various pains, like stomach-ache, headache, backache, etc., beset you; when your bowels and liver seem continually out of order, what you need is Dr. Caldwell's (Laxative) Syrup Pepsin. It is safe, pleasant and far superior to all pills or cathartic waters. Sold by G. L. Penny, Stanford; C. W. Adams, Hustonsville, at 50c and \$1. Money back if it fails.

A dwarf, who hardly comes up to his wife's knee, is suing for divorce at Toledo, O. He says his better half, who is large and strong, lays him across her lap and spansks him unmercifully. That ought to let him out.

Stimulation Without Irritation.

In case of stomach and liver trouble the proper treatment is to stimulate these organs without irritating them. Orino Laxative Fruit Syrup aids digestion and stimulates the liver and bowels without irritating these organs like pills or ordinary cathartics. It does not nauseate or gripe and is mild and pleasant to take. G. L. Penny.

In a copyright statement Capt. Richmond P. Hobson says "the victory will give Japan command of the sea." It is great to have a young man with a 3,000,000-candle-power eye standing ready to look right into a mixed situation and tell the waiting world what is doing.—Louisville Times.

Will Cure Consumption.

A. A. Herren, Finch, Ark., writes: "Foley's Honey and Tar is the best preparation for coughs, colds and lung trouble. I know that it has cured consumption in the first stages." You never heard of any one using Foley's Honey and Tar and not being satisfied. G. L. Penny.

J. T. WILKINSON.

The above is a tolerably fair likeness of Master J. T. Wilkinson, Stanford's wonderful little artist. His talent for drawing from nature or otherwise, painting and pastel work is indeed remarkable and his parents intend that every opportunity shall be given him to thoroughly master the painter's art. He is only 12 years old and an exceedingly handsome and manly little fellow.

The board of education of the graded school is called to meet on Thursday at 2:30 p. m. A full attendance is requested by the president. The question of a home for the school will doubtless be finally determined.

Admiral Togo should by all means follow up his historic victory by immediately preparing his fleet for a visit to the portals of St. Petersburg, the mere mention of which would certainly soften the iron heart of the czar and warm the cables with messages for peace.

Work is progressing nicely upon the new Richland school building and it will be ready for occupancy July 1st. The location at the widely known Elm Tree Springs, near L. C. Dunn's, is an ideal one for the purpose, there being plenty of shade and fine water and the site in the center of the district. The patrons are to be congratulated upon the move.

Our merchants are enjoying a splendid trade and vieing with each other in extending the purchasing power of a dollar to a degree that is surely attracting trade far and near. Our dealers are buying in carload lots from the factories and can easily undersell their competitors. One dealer last week placed an order with a large Ohio factory for a carload of stoves, another for a car of furniture and another for two cars of brick, etc. Watch us grow.

When David Crockett sat in the National Legislature as a Representative of the State of Texas he had many clashes with men of more education but with less wit than himself. It is told of him that one day while standing in front of his hotel on Pennsylvania Avenue, a drove of mules trotted by under the custody of an overseer from one of the stock farms in Virginia. A Congressman from Boston, who was standing nearby, attracted Crockett's attention to the unusual sight, saying:

"Hello, there Crockett; here's a lot of your constituents on parade. Where are they going?"
